Re: 313 Application #1650 – Grimes County Solar Project, LLC – Amendment No. 1 Changes

Dear Superintendent Crum:

Please find attached Amendment No. 1 for Grime County Solar Energy Project, LLC's 313 Application #1650. Specific changes found in the amendment are as follows:

- Tab (Checklist Item) #2: Provided actual electronic transmission payment.
- Tab (Checklist Item) #4: Removed "but is not limited to" on paragraph three, number of solar panels, and inserted "eligible ancillary and necessary equipment for commercial operations of the proposed project".
- Tab (Checklist Item) #11: Included new maps showing the Project Boundary within the Reinvestment Zone, and to show only the Project Boundary within Iola ISD.
- Tab (Checklist Item) #17: Provided updated signature page

Please let me know if you have any questions or comments.

Yours sincerely,

A handwritten signature in cursive script that reads 'Troy Reed'.

**CHECKLIST ITEM #4**

Detailed Description of Project

The applicant is developing a utility scale single axis tracker photovoltaic facility designed to use solar power to generate electricity. The project will be capable of generating approximately 210 MWac and will cover a surface area approximately 2,000 acres. The exact capacity and specific technology will be determined during the design process, and so the exact location of the improvements cannot be specified at this time. This application covers all qualified property in the reinvestment zone and project boundary within Iola ISD necessary for commercial operations of the proposed solar farm. In addition, 100% of the entire project is planned to be installed in Iola ISD and Grimes County.

If granted an Appraised Value Limitation pursuant to Texas Tax Code 313, the applicant expects to issue a full notice to proceed for construction in Q1 of 2023 and expects to complete construction in Q4 2023.

The investment may include the following: solar modules/panels, metal mounting system with tracking capabilities, battery or battery system, underground conduit, communications cables and electric system wiring, combiner boxes, a project substation including breakers, a transformer and meters, overhead transmission lines, inverter boxes on concrete pads, an operations and maintenance facility, fencing for safety and security, telephone and internet communication system, and meteorological equipment to measure solar irradiation and weather conditions, and any other eligible ancillary and necessary equipment for commercial operations of the proposed project.

The applicant applied to ERCOT on 12/16/2020 and has received the following IGNR numbers: 23INR0160. This project may have been known by Grimes County Solar in past media reports, investor presentations, and other listings with federal or state agency.
